JOURNEYING TO JUSTICE: Contributions to the Baptist Tradition across the Black Atlantic

Edited by Anthony G. Reddie, with Wale Hudson-Roberts and Gale Richards

Journeying to Justice provides the very first comprehensive appraisal of the tumultuous journey towards equity and reconciliation amongst British and Jamaican Baptists across two centuries of Christian missionary work, in which slavery, colonialism and racism has loomed large. This ground-breaking text brings together scholars and practitioners, lay and ordained, peoples from a variety of culturally and ethnically diverse backgrounds, all speaking to the enduring truth of the gospel of Christ as a means of effecting social, political and spiritual transformation. Journeying to Justice reminds us that the way of Christ is that of the cross and that grace is always costly and being a disciple demands commitment to God and to others with whom we walk this journey of faith. At a time when the resurgence of nationalism is threatening to polarise many nations this text reminds us that in Christ there is solidarity amongst all peoples.

'Journeying to Justice is of such importance to the study of Black religion that to say its time has come would be an understatement. Through a multi-faceted exploration of the Black Baptist relations between England and the Caribbean this work contributes to the study of Black religion as both Trans-Atlantic and diasporic phenomenon. Because this exploration is done by engaging one of the most vibrant traditions of Black Christianity, the Baptists, its findings give insight to Black religion as such. More importantly it contributes to understanding how this tradition shaped people who became religious agents for change in their world. I cannot commend this book enough for those interested in learning about Black Baptist tradition as a unique Christian phenomenon shaped by the rich cultural exchange between the UK and the Caribbean and the activism to which it gave rise.' Stephen G. Ray Jr., President, The Society for the Study of Black Religion
