

St Hild Centre for Baptist Ministry

Our Centre for Baptist Ministry prepares MITs, NAMs and independent learners with theological training, formation and practice in missionary ministry. Our learning often occurs in a stimulating multi-tradition environment alongside Anglican ordinands and independent students. Baptists love how our Centre's approach, our staff team and training cohort embody a passionate spirituality and commitment to missional leadership in shaping the 21st century church. This reflects our college values: prayerful, collaborative, courageous, pioneering. We have innovative specialisms in church planting, mission on the margins, and Christian spirituality.

MITs typically train for a Common Awards (Durham University) Diploma, BA or MA. We would consider your prior accredited learning on a case-by-case basis, and help you to agree a bespoke academic pathway.

Transferring Spurgeon's students have the option for term-time academic study of in-person (Sheffield, Mondays) or fully online delivery (Thursday night/weekends) for under-grad and post-grad. Alongside in-person formation times with other Baptist MITs (Sheffield Thursdays monthly, plus visits to pioneering contexts and online catch-ups/prayer).
